

# McNeely Bulletin

Always remember at McNeely, we care about each other, we care about ourselves and we care about this place.

Tomorrow's student announcer will be \_\_\_\_\_

Always remember: at Kathleen McNeely we care about each other, we care about ourselves and we care about this place, which is on the traditional lands of the first people of the Hunk-a-meen-um language group. Thank you for listening and have a great day! Go Mustangs!

## Weekly Feature- Our Morning Announcers

All through the year, students at McNeely get to go on the PA and read the morning announcements. This is not unusual in schools. What I find is special about McNeely's morning announcements is that all students are given a chance to do this. We start each year with the older students and work our way towards the younger divisions. Last year, due to COVID we did not get a chance to reach all the youngest students, but this year we are currently having grade 1 students reading the announcements. They are doing a wonderful job.

## Quick Hits:

1

### BULLETINS UPDATE

These bulletins will now shift back to our old format of coming out every 2 weeks.

For an Internet Safety Zoom from the RCMP- May 27th at 7pm

### 3 Calendar

May 21 Pro D Day

May 27th Internet Safety Zoom Webinar - 7pm

May 31st PAC AGM at 7pm via zoom.

## Kindergarten and Grade 6 Annual (regular/non-Covid) Vaccinations

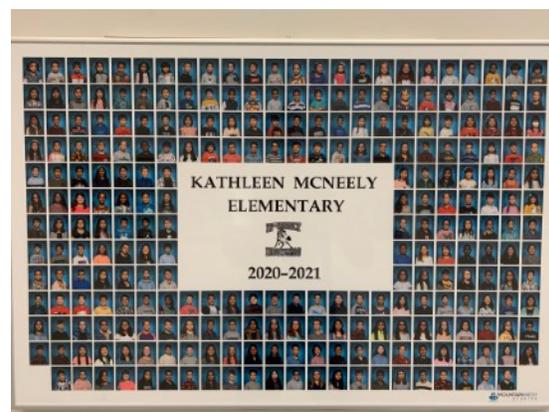

Due to COVID, our school nurses were unable to come to the school this year to do the regularly schedule vaccinations for Kindergarten and Grade 6 students. I wanted to let you know that the pharmacy in the Shoppers DrugMart at #5 and Cambie is offering this service, which is fully covered by MSP/BC Pharmacare. As the pharmacy closest to McNeely, you can contact the pharmacy to arrange an appointment.

**Please call 604-278-9105 ext. 33** to arrange for the standard Pre-K and grade 6 vaccinations:

- grade K vaccines- Boostrix-Polio, MMR)
- grade 6 vaccines (Gardasil 9)

## A Different Kind of Year; A Different Kind of Composite Photo

This year as we were unable to get together as an entire school due to the importance of remaining in our learning cohorts, we did the school composite photo differently. Instead of being outside on the field altogether, the picture was done in more of a “high school” style where they took everyone’s individual photo and placed them together in alphabetical order. What do you think?

## ONLINE- HOW MUCH TIME IS TOO MUCH TIME ONLINE? / “PARENT CORNER”

In our current focus on internet safety, we are focusing here on

The first talks about how much time is too much time: <https://mediasmarts.ca/excessive-internet-use/excessive-internet-use-overview>

The second talks about how to respond to children being online too much <https://mediasmarts.ca/digital-media-literacy/digital-issues/excessive-internet-use/responding-excessive-use>

And the third provides some resources to help in this area: <https://mediasmarts.ca/digital-media-literacy/digital-issues/excessive-internet-use/resources-parents>
